

Recipe

INGREDIENTS:

- 200g dark chocolate
- 4 eggs
- 150g of butter
- 125g of almond powder
- 150g of sugar
- 2 tablespoons of flour
- 2 tsp baking powder
- 2 bags sugar coated chocolate and peanuts
- 1 tablet of dark chocolate
- 3 tablespoons icing sugar
- 1 packet of Fingers
- 1 straw

Preparation of the chocolate cake

- Preheat your oven to 180°C
- Break the chocolate. Melt it with the butter in a microwave oven
- Mix the egg yolks and the sugar, add the melted chocolate, the powdered almonds, the flour and the yeast
- Whisk the egg whites into peaks and add to the chocolate
- Pour in a floured mould and bake 30 minutes

Preparation of the "Gravity" effect:

- Melt 1/2 tablet of dark chocolate in the microwave, allow to cool, place the cake on a grill, pour the frosting
- Glue the Fingers vertically around the cake, leaving a space of 8 to 10 cm at the front of the cake
- In the free area, place the chocolate drops and stick them with the remaining melted chocolate
- Gradually arrange your sweets on the top of the cake

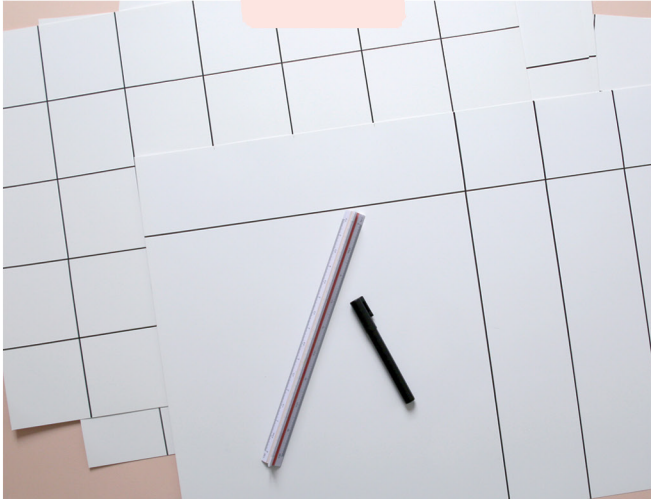

- Plant the straw in the cake
- Arrange the chocolate almonds all around, stick with the rest of the chocolate

Another technique for covering the straw:

- Place the straw flat on a cutting board, spread the melted chocolate on one side starting at about 5cm from the bottom of the straw
- Stick the almonds to the chocolate-covered part, place in the fridge to set. Repeat the process to cover the straw, allow 10 to 15 minutes to cool between each sweets addition

Tips for the decoration

TO CREATE LABORATORY TILING:

YOU WILL NEED:

- 6 shiny sheets poster paper
- 1 black medium marker pen
- 1 large ruler
- Double-sided tape

Draw a grid with 10cm spacing

Stick the sheets onto the top and side of your table

TO CREATE A DECORATIVE GARLAND:

YOU WILL NEED:

- A4 coloured paper
- 1 pair of scissors
- 3m of string
- 1 tube of universal glue

Cut out different coloured isosceles triangles.

Glue them onto the string, let them dry and hang them.

TO CREATE A PROFESSOR'S

YOU WILL NEED:

- 1 sheet black poster paper
- 1 medium white marker pen

Write all the party messages that you want on the blackboard
