# Paper fruits (relief)

*(see photo steps)*

1. In a sheet the colour of the fruit, cut circles of the same diameter as the printed fruit (between 5 and 10).
2. Fold the circles in 2.
3. Cut out the printed fruit, turn it over and stick to the right the half-face of a circle folded in 2.
4. Then stick to the left, the half-face of a second circle folded in 2.
5. Glue the following half-faces in the same way, right and left, on the half-faces glued previously.
6. Until the rear volume is sufficient to give an impression of relief to the fruit.

1. Glue one on the other 2 circles of different diameters (1 green / 1 red).
2. Fold in half.
3. Draw the seeds with a black felt pen.

# fruit garland

To make a fresh and garland full of vitamins:

1. Cut the fruits.
2. Tie them together with a needle and a piece of string.

NOTE: To get a longer garland, print this file several times.

*Gift packages*  
• Fruits •

## To make "fruit" gift packs you will need:

### Material:

- . Colourful gift wrap
- . Coloured sheet
- . Scissors
- . 1 tube of glue
- . 1 roll of tape
- . 1 black felt pen

### Watermelon gift

1. Pack the present in red / pink gift wrap.
2. In a corner at the bottom, stick 2 pieces of paper one on top of the other (2 shades of green) cut in triangular shape, adjusted to the shape of the gift.
3. Finally, draw the seeds in black felt pen.

### Strawberry gift

1. Pack the present in red gift wrap.
2. Cut the leafy part in a green sheet (template provided) and stick it on the top of the package.
3. Finally, draw the achenes (little hairs to you and me!) in black felt pen.

### Kiwi gift

1. Pack the present in green gift wrap.
2. In a beige/white sheet, cut out a half circle slightly smaller than the gift and stick it on the front edge of the package.
3. Finally, draw the seeds in black felt pen.

## Orange gift

1. Pack the present in dark orange gift wrap.
2. Cut a semicircle slightly smaller than the gift into a light orange sheet and stick it on the front edge of the package.
3. In a second, smaller dark orange circle cut out triangular quarters and glue them to the 1st light orange semi circle.
4. Finally draw the seeds in black felt pen.

Note: to make a lemon package, follow the same steps, but with yellow!

## Apple gift

1. Pack the present in green gift wrap.
2. To make the stem, crumple a piece of kraft paper and stick it to the top of the package.
3. Cut a sheet using the same paper from the template provided and stick it next to the stem.

## Pineapple gift

1. Pack the present in yellow gift wrap.
2. Cut some regular strips from a yellow sheet.
3. Crisscross and glue the strips on the front of the package.
4. Cut the leafy part from a green sheet (template provided) and stick it on the top of the package.

# Templates

to adapt (size) and to transfer onto the paper to be cut...

Apple<sup>(Leaf)</sup>

Strawberry  
(branches to be bent)

Pineapple  
(to close in circles, bending points)
